My Beloved Sisters

The 2010 National Women's Conference/Retreat holds forth like all the others, the opportunity for us to have a life changing encounter with God. The theme is "Ordinary People in the Hands of an Extraordinary God". Scripture is replete with examples of God taking what is ordinary and making it the extraordinary with the sole purpose of making sure that any glory gained from the victories won will be given to Him alone.

There is a song which says,  
*"Ordinary People, God uses ordinary people  
 He uses people who will give their all  
 No matter how small that all might seem to you  
 Because little becomes much,  
 when you place it in the master's hand"*

This time provides us with the opportunity to come away from

- the ring of our cell, home and office phones;
- the demands of career or job; family and friends
- the pull of the roles we play as woman, mother, care giver, significant other,

and move to a secret place where the only voice we need to respond to is the voice of God.

It is in that safe place that we will get in touch with our "ordinary" selves and acknowledge our willingness to be available, obedient and faithful to the plan and the purpose of God. It is also in that safe and secret place that we will allow God to do the transformative work of making us "extraordinary".

In this time of turmoil and uncertainty in the world, it is imperative that we understand the critical role we play in making the difference in our families, our communities and our world – differences which can only be made by ordinary people that have been made extraordinary by God.

We have been there for everyone, everything. This is our time. This is our time! God has ordained it. You deserve it! I look forward to seeing you there.
